**UDOT Zero Fatalities**

Utah's Zero Fatalities Safety Summit has been rescheduled to April 12 through the 14, 2021. The Summit fosters discussion and interaction on a variety of topics, including engineering solutions, distracted driving, educational programs about safe driving and much more.

This Summit assembles community leaders like you with the common goal of increasing our public safety. We thank those who devote time and resources helping to save lives on Utah's roadways. We invite you to join our ranks.

In recent years, the Summit attendance has more than doubled and we anticipate more growth in years to come. This year's event will last two days. **It will be held on April 13th and 14th at the Davis Conference Center in Layton, Utah. A pre-conference event will be held on April 12th.**

Among the four levels of sponsorship, benefits may include:

- **Free Summit Registration**
- **Logo on Conference Bag**
- **Logo at Photo-op**
- **Change to Address Attendees**
- **Tents at Meals/Breaks**
- **Booth Space**
- **Literature Distribution**
- **Video Recognition**

Those who sponsor this Summit invest in saving lives. Thank you for your consideration and support of the Zero Fatalities Safety Summit. Together, we can make this conference a catalyst for safe driving everywhere.

Sincerely,

Kristen Hoschouer
