ISN'T IT TIME TO CHANGE LANES?

If your workflow is slowing you down, change lanes to DES Software. We'll get you up and running in no time. Check out some of our client's favorite features and schedule a demo to see even more.

Organizing Your Schedule

- Add new courses easily -- just **duplicate** and change the dates.
- **Limit the drives** students can schedule in advance (per week or per month).
- Set the number of **mandatory days** required between drives.
- Cancel a period and be **prompted to notify the affected students.**
- **Add/remove periods** with just a few clicks. Set periods in five minute increments.
- **Share your centralized courses** across regional boundaries.
- Allow students to add themselves to **waitlists** for drive times.

Meeting State Requirements

- **Prefill state forms** with student and company information.
- Export **Atlas modules** (Massachusetts).
- Store your data on our **secure servers right here in the USA.**
- **Back up historical data** electronically -- one step closer to being paperless (in most states).

Managing Your Business

- Restrict access to financial information to only **super users.**
- Receive **detailed invoices** with student names for the registrations being billed.
- Generate **accurate reports** for payroll, receipts, outstanding balances, enrollment, attendance, student progress, and more.
- Control your **Shift4 merchant account** and **pay lower credit card fees.**
- Offload payment processing to Shift4's **PCI DSS Level 1 Certified** processor.
- Pass the fees onto the student, making the **software free to use.**

Updating Your Website

- **Push class dates** from the database to display on your website.
- Eliminate the need for students to start the registration process before seeing class dates and availability.
- Show road test, BTW, and simulator **availability in real-time.**
- **Edit the content** on your website yourself or call us for assistance.

Communicating with Your Customers

- Allow instructors to email, text, and **schedule their students.**
- Send parents **enrollment links** for specific courses.
- Create **custom form letters** that send to students upon registration.
- **Upload documents** to display on your website and attach to form letters.
- Include a **customized contract** for student/parent to sign at registration.
- Generate **drive evaluations** during lessons or road tests.

Receiving Support

Tired of placing a support ticket? Call support and get a real person to help you! Not having a ticketing system doesn't mean we're small; it means we care.
